「Participating in 26th Saudi Arabia Janadriyah festival」

We are participating in the "26th Saudi Arabia Janadriyah festival" being held from April 13th to April 29th, 2011 in Janadoriyah, Saudi Arabia.

This is a national cultural festival in Saudi Arabia. In this year, Japan, as one of Asian countries, was awarded as an invited country for the first time. In Japanese pavilion, animations, games, fashions as well as Japanese traditional cultures such as Budo and Kagura performance. At water booth, we are introducing our state-of-the-art hollow fiber reverse osmosis (RO) technology which is used for seawater desalination around the world.

We, Toyobo, would like to welcome you and hope you to drop in at the water booth in the case of attendance.
